

SECRET DAUGHTER - BOOK CLUB PACKAGE

A stunning debut novel that explores the emotional terrain of motherhood, loss, identity and culture, witnessed through the lives of two families, one Indian, one American, and the daughter who indelibly binds them.

“Rife with themes that lend themselves to discussion, such as cultural identity, adoption, and women's roles, [*Secret Daughter*] will appeal to the book club crowd.”

— *Library Journal Reviews*

A Note from the Author -

Book clubs have been an important part of my life for many years. My first book club was composed of business school classmates in the California Bay Area, and is still going strong. Over a dozen years, we have read books ranging from a dense biography of the Roosevelts to the Harry Potter series. Books provided both the opportunity to reflect on our lives, and to think about the larger world -- to consider ourselves in the context of generations before us and cultures beyond our borders. That opportunity for reflection and connection is, in my opinion, the greatest role art can play in life.

Through the years, I have joined other book clubs, and though each group is different, they all share something in common -- a spirit of openness and goodwill, a desire to think and discuss, and in doing so, to marry our individual lives with the greater world. I hope that *Secret Daughter* does that for your book club, and I would be honored to join your discussion.

To celebrate the launch of *Secret Daughter*, we are offering a special package for book clubs, which includes:

- Personally autographed books for each member of your book club at discounted price
- Books shipped to your host's home (U.S. addresses)
- Book club discussion guide
- Author appearance at your book club discussion (via Skype or speakerphone)

To participate, complete and return the attached order form with payment. To read more about the novel, including an excerpt and reviews, visit www.shilpigowda.com. For questions, contact author@shilpigowda.com.
